

Tommy Romero Details

- **General:**

Once TOMMY ROMERO gets going, you can dance until the floorboard bends! Whether Rock'n'Roll classics from Chuck Berry to Elvis Presley, the guys have it all! Also, cheeky Rockabilly covers let themselves be heard with pleasure. But that's not enough! The gentlemen give everything for their audience and write their own songs, so that the concert becomes a perfect experience!

Young guys like them are always welcome. So TOMMY ROMERO played already at some famous festivals in Switzerland. They played even in Germany!

In November 2021 their debut album with exclusively self-composed songs was released. The mix of rock'n'roll, rock and 60's pop, makes everybody dance. Now TOMMY ROMERO is releasing new singles.

- **Members:**

The band consists of: Tommy / *drums, lead vocals*

Noah / *electric-guitar, backing vocals*

Christoph / *bass, backing vocals*

Tommy the gentleman, melts hearts with his charming voice and sets the beat for dancing with his authentic drumming style.

Noah, he gets the hottest sounds in the history of rock'n'roll from his guitar. Only his hair is even wilder than his sound.

Christoph is the calm himself. But watch out, if you put a bass in his hands, he really gets going and makes every stage shake!

- **Repertoire:**

With famous songs like "Achy Breaky Heart", "Johnny B. Goode" or "Sweet Home Chicago" Tommy Romero will make your party a highlight. Also their own songs round up the repertoire perfectly and result in the right mixture for a perfect party!
